Alberta Crafts Trailer to Visit Communities in this Area

Alberta" tractor-trailer display unit sponsored by the Arts and Crafts Division of the Cultural Development Branch, Alberta Provincial Secretary's Department, will be in this area during October to provide residents of the area with a free

first-hand look at more than 300 products of Alberta crafts-

The display unit will be in Thorsby on October 9th, Warb-urg on October 10th, Drayton Valley on October 11th, Lodgepole on October 12th, Breton on October 13th, and in Winfield on October 14th.

Exhibits in the trailer will range from metal and leather work, through creations in ceramics and batik, to screen printed textiles, photography and sculpture. In addition to the finished products the display includes various pictorial explanations of the processes

involved in the crafts.

The trailer is unique in crafts exhibits. Not only is it completely mobile, but it carries its own power plant and water system, so it need place no demands on the community's facilities. In this way it is able to carry the story of Alberta's crafts to the most

remote corner of the province.
The trailer is designed as an exhibition gallery and the exhibits are thoughtfully arranged to explain and illustrate the growing interest in the crafts in Alberta. Also available at the trailer will be information about crafts training for communities, professional education, scholarships and careers in the crafts. Fully qualified attendants from the Arts and Crafts Division will be on hand to answer any questions.

No Socred Candidate In By-Election

At a meeting of the executive of the Jasper-Edson Social Credit Constituency Association held in Edmonton Monday, it was decided not to field a candidate in the forthcoming federal by-election. It is reported that consider-

able thought was given to various aspects of the by-election in reaching the decision.

The executive noted that considerable expense would be encountered in fielding a candidate who would sit for two years at the most in the House of Commons. A general election will be required within that time and the riding will disappear under redistribution.

Also considered in reaching the decision was the feeling that election of a Social Credit member would not materially affect the standing in the House at the present time.

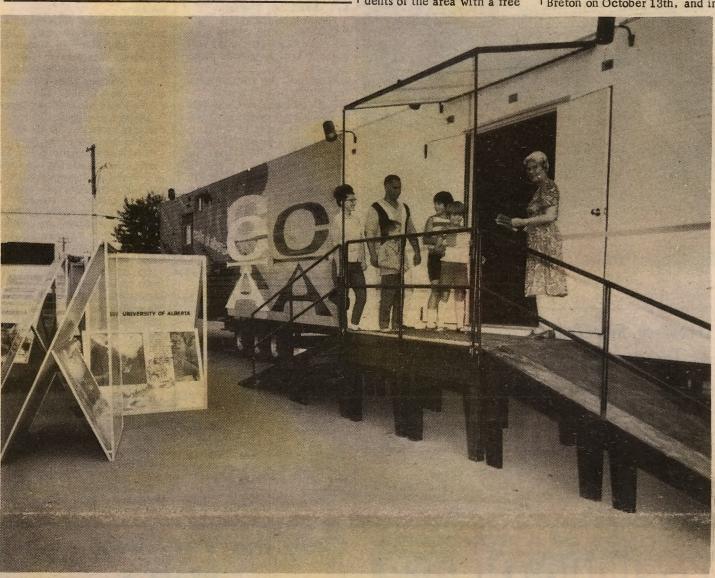

The executive will recommend to membership of the association that they support the candidate who comes closest to endorsing the principles of Social Credit.

Drama Club Plans Meeting

A general meeting of the Drayton Valley Drama Club will be held in the town Recreation Office at 8:00 p.m. on Thursday, October 5th.

All interested persons are invited to attend and the club welcomes new members. The club welcomes not only actors, but also anyone interested in staging, production, directing and other phases of dramatics.

Caroline Alberta, a daughter of Queen Victoria.

A family visiting the Crafts of Alberta Trailer is greeted at the door by Phyllis Ponich, an instructor with the Arts and Crafts Division, Cultural Development Branch, Alberta Provincial Secretary's

Department. The 52-foot trailer is currently on a tour of communities throughout Alberta, carrying pictures and examples of the crafts in Alberta.

Christmas Cantata

It is hoped to present a Christmas Cantata again this year and anyone interested in singing Peterson's "Bom a King's should contact Dr. Hugh Maclure. Practices will probably start on Wednesday, October 11th at 8:15 p.m. at the United Church.

Cadets to Sell Fire Extinguishers

Members of the Drayton Valley Air Cadet Corps will undertake the sale of home fire extinguishers in the town during Fire Prevention Week, October 8th to 14th.

Cadets will be calling door to door one evening next week Help yourself to home protection and help provide cadet activities by taking a fire extinguisher when a Cadet calls on

Slate of Twelve Candidates for Civic Election

Nomination Day on September 27th was a busy one for Returning Officer, Bill Johanneson who accepted papers from Erven Rendflesh, William Rose twelve candidates seeking to fill vacancies on Town Council and the Separate School Board.

Campaigning for the mayoralty, being vacated by Howard Pickup, are retiring Councillor Robert Findlay and former mayor, Adrian Meier.

Eight candidates are in the race for two council seats being vacated by Mr. Findlay and Mr. Harry Zolmer. Seek-

ing election are Ernest Lindskoog, Kenneth Machan, Eug-Norman Swendseid, and John

The post of Separate School Trustee is being sought by Claude Albert and Terence Mulgrew.

On Election Day, October 18th, proprietary electors will also vote on two bylaws authorizing improvements to the waterworks system and on improvements to the swimming

Black Leg Widespread In Area

Dr. Don Kreycik, Drayton Valley veterinarian, advises that black leg in cattle is be-coming quite widespread in the area with several cases coming to his attention in the past few

He suggests vaccination of cattle now to prevent further leg strikes qui ly and the animal can die within a few hours of the symptoms becoming evident.

Dr. Krevcik stated that vaccine takes from three to seven days to become effective so it is important that animals be treated before the disease is detected in the herd.

The Province of Alberta is frequently called the Princess Province, because it was named in honor of Princess Louise

Livestock Selected for Exhibit At Toronto Royal Winter Fair

Commissioner, announced last week the selection of the 1967 Livestock Exhibit for the Royal Agricultural Winter Fair has been completed. The exhibit will comprise a total of 16

The shipment will be made up of 13 cars of beef cattle, one of dairy cattle, one of

Mr. W.C. Gordon, Livestock | will include 38 single steers, 6 groups of 12 steers, 7 groups of five steers, 49 registered beef and 21 registered dairy cattle, fifteen horses and 24 swine.

The shipment will be made via C.P.R., leaving Edmonton November 1, completing the loading in Calgary

Among the exhibitors in the draught horse class will be J. E.

Couple United in Recent Double Ring Ceremony

Bouquets of gladioli decorated the altar of St. Anthony's Catholic Church on September 16th when Carol Townsend, eldest daughter of Mr. and Mrs. Wilfred Townsend of Rocky Rapids, exchanged marriage vows in a double ring ceremony with Raymond Beland, son of Mr. and Mrs. Frank Beland of Drayton Valley. The ceremony was performed by Rev. Edward J. Lynch.

Given in marriage by her father, the bride looked radiant in a floor-length sheath gown of lace appliqued peaude-soie, with a lace train falling from the empire waistline. The bride's tiered, shoulder-length veil was held in place by a rosette covered with aurora borealis stones. She carried a beautiful bouquet of fresh yellow roses, her only jewelery was a cross necklace and ear rings, gift from the groom.

Attending the bride as matron of honor was Mrs. Donna Hutchinson. Darlene Town-send, sister of the bride, and Francine Beland, sister of the groom were bridesmaids. They wore identical dresses of peach peau-d'elegance and lace complimented by white accessories and headbands of white rosebúds. They carried bouquets of white daisies.

Lydia Hutchinson neice of the groom was flower girl, and was dressed identically to the bridesmaids. Tommy Town-send, brother of the bride, was ring bearer.

Attending the groom as best men were Mr. Roy Hutchinson, Mr. Barry Thompson, and Gary Haack. Ushers were Richard Townsend and Michael Beland, brothers of the bride and

Soloist Jean Simon accomp-

anied by Mrs. Ann-Marie Haack sang "On This Day". For her daughter's wedding,

the bride's mother chose a pale blue embossed satin afternoon dress and matching coat, complimented by pink and white accessories.

The groom's mother chose an off-white tent-style dress with silver metallic thread complimented by blue acces-

Following the ceremony, a reception was held in the Elk's Hall. Mr. Stan Coruthers was master of ceremonies. Rev. E. Lynch asked the blessing.

Mr. Maurice Mastre proposed the toast to the bride. Mr. F. Neil said after dinner grace.

Music was supplied by the Rivieras orchestra for an en-

joyable evening of dancing. For their honeymoon trip to Vancouver, the bride changed to a green paisley knit suit and black accessories. She

wore an orchid, en corsage. Attending the wedding were the grandparents of the bride, Mr. and Mrs. Thomas Townsend of Edmonton and Mrs. L.

Bradley of Blue Ridge, Alberta. Guests also attending were from Edmonton, St. Albert, Morinville, Calgary, Red Deer Mayerthorpe, Blue Ridge, Corbett Creek, Spruce Grove, Drayton Valley and Rocky

\$100,000 Stradivarius Featured by Rubinoff

When Rubinoff appears in Drayton Valley in a program of popular concert music on Friday, October 20th, he will play on one of the most precious instruments in the world, the famed Romanoff-Stradivar-

ius Violin insured for \$100,000 The violin is famous for its silken, lustrous tone, it's full range and almost unbelievable depth. Made in 1731, by the master of all violin makers, this particular "Strad" even-tually found it's way into the hands of the Romanoffs, one time rulers of Russia, and still bears the bejeweled crest of . that family. During the revo-

Alberta Day At Expo

Starting with a parade and concluding with an official banquet, Alberta Day at Expo '67 will be an outstanding event at the fair on Saturday, October 7th.

A parade through downtown Montreal, with major participation by both Calgary and Ed-monton whose own special days fall immediately before and after respectively, will get the day's program off to an enthusiastic start. Leading the parade will be the pipe and drum band of the 20th Field Regiment, of Edmonton, whose Alberta tartan kilts will give a swing to the event. Premier E.C. Manning has been invited to ride in the parade along with mayors of the two cities and Expo Deputy Commissioner Robert Shaw.

An official welcome at the Place des Nations, extended by Expo Commissioner General Pierre Dupuy, and the unfurling of the Alberta banner at the Place, will be followed by a visit by the official party to the Western Canada Pavilion, in which Alberta is participat-

The day's program will feature more than two hours of entertainment at the Place des Nations, with troups from the Calgary and the Edmonton contingents participating.

Entwistle News

Mrs. E. Oliver, Reporter

On September 21st another fire hazard was eliminated from the village. The old building behind the Leyden Garage was burned by the fire department. Many compli-ments were given this department by many bystanders. We in this village should be very proud of each and every one of the men and boys on the Dept.

Audrey Jevne and Lawrence and his wife spent a few hours in Entwistle recently. Audrey wishes to be remembered to all her friends here.

The Entwistle Community League Bingo which was held on September 21st was well attended and Lil Hanson won the \$20 as the Jackpot did not go. The next Bingo will be held on October 19th.

Visitors at the W. Hoffmann home recently were Joe and Ray Peck of Big Island (on north shore of Ontario), Lorraine and Jack Hopps and family of Penhold, Alberta, Cecilia and Earl Dawson of Edmonton.

Mrs. Blanche Jensen of Moon Lake is ill in the Drayton Valley Hospital. We all hope she will not have to stay there too long and that she will soon be home again.

Once again our village is saddened by the death of Mrs. George Jacobson, who passed away September 26th. Our sympathy is extended to Mr. Jacobson at this time.

lution, it was smuggled out of Russia and eventually was pur-chased by Mr. Rubinoff.

Sensitive to heat, humidity, altitude and the risks that beset any treasure of such vast value, the Stradivarius is guarded and handled with deference and extreme care at all times. The ancient instrument still retains the original varnish and is the acme of perfection in musical instruments.

An interesting fact is that during certain passages of "Warsaw Concerto" Rubinoff exerts as much as 60 pounds of pressure on the violin. It takes tremendous strength of highly developed muscular action to draw certain tones from one of the world's most delicate instruments.

Rubinoff will appear at the Frank Maddock High School Auditorium on October 20th under the sponsorship of the Drayton Valley Rotary Club.

KEEPHILLS NEWS

Mrs. G. Raymond, Correspondent

Neil and Roy Raymond and their families from Edmonton were in the district last week-

end and digging their potatoes.
Della and Edward Tattersall and family attended a family reunion at Edward's mother's home at Burtonsville.

Andrea Strassburger, Tammy Raymond, Kenny Bailey all celebrated their first birthdays in September.

A family dinner at Mr. and Mrs. Raymonds on Saturday was in part a reunion, when her brother from B.C. was in the district. Those present were Mr. and Mrs. A. Walker of B.C., Mr. and Mrs. Paul Walker and Mr. and Mrs. For-est Walker of Edmonton and Mr. and Mrs. A. Homme of Burtonsville. Mr. and Mrs. A. Walker left Monday morning.

MAYHEW MOTORS LTD. Drayton Valley, Alberta

Letters to the Editor

Dear Sir:

I would appreciate publication of this letter as a means of expressing my final communique to the citizens of Drayton Valley as their Mayor, to express my appreciation for their cooperation during my term as mayor of this town.

During the 13 years of Drayton Valley's growth to date I have had the wonderful experience and priviledge of serving with Council for ten of those years, including a previous term as Mayor, during those more hectic and difficult years of planning and building Alberta's "first New Town". In those days it was a much more trying term of office, as it was often difficult for citizens to appreciate and visualize what Council was attempting to accomplish; but I wouldn't have missed it for the world.

During my last two terms of office, it has been a distinct pleasure to have served you all I feel that you, the citizens of Drayton Valley, made all the efforts worth the while by the courtesies which you always showed to me and through your cooperation in putting up with what were sometimes quite major inconveniences as Council ertook to make this town a place where the employees of any industry will be glad to live. It is not possible, it seems, to finance and provide the amenities that we now have without interim inconveniences On the whole, most citizens showed remarkable patience, especially in view of the rather formidable program of the past 4 years.

The next major program, from Council level, in my opinion, is the securing of various additional Commercial and Industrial enterprises, and, consequently, of course, the supporting families that go along with them. This phase will be carried out in cooperation with the Director of Industrial Development for the Province of Alberta, and to this end Council has already authorized the professional compilation of a General Plan for the Town of Drayton Valley. It is a marvellous and comprehensive

Plan and is about due to be released. I most earnestly recommend that as many as possible of our citizens familiarize themselves with every aspect of this Plan, which is a critical, unbiased, economic assessment and forecast of growth for the next 15 to 20 years. Copies will be avilable for purchase, or one can use the library copy.

This is an invaluable document to be able to present to any prospective industry, and we already have a waiting list for copies, from far and wide.

So the ground work has been laid for the next important phase of development. Now we must get together, along with the Chamber of Commerce and make the most of it.

To all those who served concurrently with me on Council. I am most grateful for the earnest and meticulous way in which each one fulfilled the responsibilities which we shared together to provide municipal government services to Drayton Valley.

To my successor as Mayor, and to the new Councillors, I wish success. I hope they enjoy the rapport and encouragement, the courtesy and dignity that was given me during my terms in office as your Mayor, Yours very truly,

Howard W. Pickup

IT'S THE LAW

Sidewalks and Boulevards
Plug-in Cords

201. No person shall lead any cord or cable that is capable of transmitting electrical energy from any dwelling to any motor vehicle parked upon a Town Highway if the cord or cable is put or placed on, over, or across any boulevard, sidewalk or highway of the Town, whether at ground level or otherwise.

Driveways 202. Every owner or occupier of any house, building or lot within the Town who shall require to drive any vehicle across any sidewalk or boulevard for the purpose of entering his house, building or lot, shall construct over or in place of the sidewalk or boulevard to be crossed, and of the full width thereof, a crossing of concrete, Macadam, shale or gravel or other material satisfactory to the Works Superintendent and so designed and maintained as to be suitable for pedestrians using the sidewalk. No person shall commence construction of such a driveway unless a permit for the work has first been obtained from the Works Superintendent.

Representative's Privilege?

By what right does a member of Parliament switch horses in mid-stream? It seems to be taking a lot of liberty with the people who worked hard to have their party's candidate elected and those who favored him with their votes.

The most recent switcher was H.A. Olsen the Southern Alberta M.P. who deserted the Social Credit Party for the Liberal camp. If Mr. Olson felt the electorate of Medicine Hat preferred to be represented on the Liberal side of the House he should have resigned and sought re-election on that basis.

The practice of changing colors after election should be discouraged immediately or the day could conceivably arrive when the elector could leave the poll wondering just what party he may have favored with his ballot.

Up to Electors Now

This year we have gone from a shortage of candidates for council positions to an abundance. The situation now is the healthier of the two and beats the acclamation business in all directions.

Many good men have indicated their interest in the town's future by standing for office. The voter's turn is next—don't ignore your voting privilege...the future of the community means as much to you and your family as it does to those running for office.

Those who have signified their willingness to spend time working for the good of the town deserve your interest on election day, Wednesday, October 18th

MAGIC BOX MAY REPLACE NEWSPAPERS, MOVIES, BROADCASTING -- By 1987 the laser beam and space satellites could eliminate the need for the mass media that papple know today, according to a report in Marketing. In 20 years, claims New York advertising executive Herbert Maneloveg, every home will have a communications centre as a primary source of information and entertainment -- delivering both still and moving pictures as well as the printed word. "And this magic box," he told a Montreal newspaper advertising conference, "will be carried right into the home communications centre and printed there. A great number of television channels will be made possible by the laser beam. The satellite will record who is watching which program, thus enabling advertisers to know the exact composition of their audience. When the consumer wants a newspaper, he'll dial 'news' and it will be printed on the spot -- with ads." Maneloveg, whose predictions come from his advertising agency's computer in New York, also forecasts the end of shopping day. "You'll do most of your shopping from home," he says. He claims another effect on media will probably be a considerable lowering of cost, because operations like purchasing paper, printing, binding and shipping will be supplanted by a simple laser beam. Duplicate studio facilities, cables and relays will be replaced by the satellite. However, despite Maneloveg's predictions, no publications or broadcasters have announced intentions to go out of business.

UNSOLICITED CREDIT CARDS

Have you been receiving unordered credit cards lately? What do you do with them? Store them away? Throw them away? Or use them?

According to the Better Business Bureau all such cards should be cut up into small pieces and thrown away, unless you intend to use them. Why cut them up? You are liable by law to pay for all purchases made in your name, so the consequences are obvious if your card should fall into the hands of a disreputable person.

If you intend to make use of the card, have you investigated the company?

One Charge Service Comp-

any has been issuing unordered and unauthorized credit cards with the householder's name embossed on the card, to a number of people in this area. Many of these people have destroyed their cards as they should do.

But there's a catch. Some months later this Company sends out a bill for \$5.00. When a letter was sent to this Charge Service Company asking why the request for \$5, their reply was to this effect:

"Due to the fact that... Company is financing relative ly small accounts and because of the cost of money and of processing we find that we must, as do other credit card companies in the U.S.A., charge a yearly fee to our card holders".

The mailing address of this Company is Canada, yet they are copying U.S.A. tactics.

The Better Business Bureau has required that in the interest of Public Confidence they stop this practice. So if you have been receiving bills for unauthorized, unordered and unused credit cards, forget

They keep saying that women are smarter than men, but did you ever see a man wearing a shirt that buttoned down the

THE TOWN OF DRAYTON VALLEY

Public Notice is hereby given that a vote of the Proprietary Electors of the Town of Drayton Valley will be held on Bylaw No. 386 of the said Town of Drayton Valley.

The following is a synopsis of Bylaw

"A Bylaw of the Town of Drayton Valley to authorize the Council of the said Town of Drayton Valley to incur an indebtedness on behalf of the said Town of Drayton Valley in the amount of Five Thousand Five Hundred (\$5,500.00) Dollars to provide a shelter fence on the North and North East of the Drayton Valley Swimming Pool and to landscape the grounds adjacent to the said swimming pool facilities."

A copy of this Bylaw has been posted up in the Town Office and may be inspected at any time during regular office hours.

Polling will take place on Wednesday, the 18th day of October, 1967, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon at the Town Hall Council Chambers in Drayton Valley. I will be in attendance at the Town Hall on Wednesday, the 18th day of October, 1967, at eight o'clock in the afternoon to sum up the votes and declare the results.

N.B. At least ten (10%) per cent of the Proprietary Electors of the Town of Drayton Valley must vote before the Bylaw may be deemed to have been submitted to the Electors, and at least two-thirds of the votes cast must be for the Bylaw if less than fifty per cent of the Proprietary Electors entitled to vote thereon have voted or at least a simple majority of the votes cast must be for the Bylaw if more than fifty per cent of the Proprietary Electors entitled to vote thereon have voted. (Section 420, subsections (a) and (b)

Given under my hand and the seal of the Corporation of the Town of Drayton Valley this 18th day of September, 1967.

Town of Drayton Valley Drayton Valley, Alberta

EVANSBURG

Mrs. M. Bruner, Correspondent

Well, between trips to the hospital and getting better at home, this news column has been missing from the paper for the past couple of weeks.

We would like everyone to know that they are welcome to have a cup of tea-or coffee and a chat with their friends in the afternoon of October 14 when the United Church ladies will sponsor a tea and rummage sale in the basement of the United Church. We would also like everyone interested to know that United Church Sunday School classes have started again for the season.
The many friends of Mr.

Hans Braaten will be glad to hear he is recovering from his accident when he tangled with the tractor power-take off some time ago. Mr. Braaten is still hospitalized but his very kind neighbors have turned out in full force and, first cut and stooked his crop, then threshed it a few days ago. While the men did the field work, the ladies did the cooking for the large crew.

New sidewalks are being built in the village, and we also see surveying crews checking the existing surveys of the streets and odd parcels of land.

The District Agricultural Society held their after-the-fair meeting recently. A good report of the annual fair was heard and plans were then made for the annual banquet and trophy presentation night which which take place on Nov-3rd. This affair is open to the public and after the supper and public and after the supper and presentations, slides of 4-H activities in the district will be shown.

The annual 4-H achievement day and banquet will be held on October 20th at Wildwood this year. Tickets for the banquet will be available from most any member of the three clubs concerned.

The annual re-organization meeting of the Lobstick Beef and Pembina Forage Clubs will be held on October 13th at the Evansburg High School. Election of new officers for the coming year will take place and final arrangements for the banquet will be made

as well. Speaking of banquets, the gymkhana club banquet will be held in the Evansburg Hall on October 27th and the District 5 FUA annual banquet will be held on the 28th of October.

Although we are late in doing so, we would like to say a hearty welcome to all new members of the teaching staff of both schools here.

At the present time, Students Union activities in the high school are centered around the election of a new

slate of officers for the coming year. Good luck to all the successful and unsuccessful candidates.

The fall graduation banquet exercises and dance was held recently. A good number of graduates were able to attend the exercises which were held in a gaily decorated high school gymnasium. Most of the young people graduating are already back in classes for higher learning or holding down positions in the working

Outbreaks of Botulism In Alberta Waterfowl

As a result of abnormally warm weather and receding water levels, S.B. Smith, Dir ector of Fish and Wildlife, Alberta Department of Lands and Forests, warns that many areas of the province are experiencing outbreaks of botulism in waterfowl populations.

East-Central Alberta appears to be the area most greatly affected to date.

Hunters are cautioned against picking up dead or disabled waterfowl as the toxins in them can prove detrimental to man. Any flying waterfowl are almost certain to be unaffected and are therefore safe

for human consumption. No ill effects will be experienced by handling sick or dying waterfowl. Thorough cooking will not insure safe eating. Hunters may be assured that any flying bird has not been affected by botulism toxin.

It is not likely that most sportsmen will pick up dead or dying ducks and it has been the department's experience in the past that botulism dieoffs have not resulted in human poisonings, but the division feels that it is part of their responsibility to inform the public of such possibilities.

Work is nearing completion on the Canadian pavilion being erected to the order of the Department of Trade and Commerce on the site of the Pacific International Trade Fair in Lima, Peru. It will be ready for use at the next edition of the Fair, October 27th to November 12,

The new 2,000 square-metre pavilion, designed by the Canadian Government Exhibition Commission, will mark Canada's re-entry to the Fair after six years absence. It will feature Canadian materials, including Douglas Fir plywood box beams and panels.

Canada's 1967 exhibit will be five times larger than her 1961 participation. The pavilion will house displays by some 45 Canadian companies exhibiting products and services varying from fruits and poultry feed to domestic and industrial appliances and maintenance chemicals. Included will be many displays of heavy hydraulic and electronic equipment and an exhibit by the Association of Consulting Engineers of Canada.

The main building will house the Canadian exhibtors while the adjoining circular tower, built of Canadian plywood panels laid vertically, will have an information-type exhibit

SOIL TESTING

You do not need to wait for the results of your soil test before ordering your fertilizer supplies, says A. W. Goettel, head of the Soils Branch of the Alberta Plant Industry Divis-

He points out, however, that soil samples should be taken from the fields before a fertilizer is applied. If sampling is done after the fertilizer application, an inaccurate interpretation of analysis results

Fertility studies have shown that stubble and hay, pasture and bush land which was broken late in the season all require a basic fall application of nitrogen. If, after this basic requirement has been met, the soil test shows that a higher rate of nitrogen than that generally recommended is needed, the balance plus phosphorous and potassium requirements can be drilled in with next spring's crop. Since only 25 pounds of elemental nitrog-

en per acre can be drilled in with the crop because of the danger of reducing germination, fall fertilizing is not a duplication of time and effort.

Mr. Goettel suggests that farmers use their previous experience with fertilizers, the results of previous soil tests, and the general recommendat. ions for their area as a guide for ordering the bulk of their fertilizer requirements this fall. He recommends purchasing fertilizers which contain nitrogen, phosphorous and pot-ash, either alone or in comb-ination so that they can be used in varying amounts and combinations to meet soil test recommendations.

He also strongly advises farmers to plan their fertilizer programs well in advance so that they can take advantage of fall delivery discounts, bulk buying discounts, the benefits of fall fertilizer applications, and soil testing information.

Apprentices Receive Centennial Awards

Some 60 graduate apprentices from throughout Alberta received special Centennial Apprenticeship Certificates during ceremonies at the Northern Alberta Institute of Technology on October 3rd and at the Southern Alberta Institute of Technology on October 4th. The certificates were presented by the Alberta Apprenticeship Board to those young tradesmen who completed their training on Dominion Day, July 1st, 1967.

The ceremonies at the Northern Alberta Institute of Technology were attended by the Hon. Raymond Reierson, Minister of Labour and Education; Deputy Minister of Labour, K.A. Pugh; Deputy Minister of Education, Dr. T.C. Byrne; Vice-Principal of N.A.I.T., J.A. Starritt; and Alberta Apprenticeship Director, F.E. Whittle. Making the presentation of certificates to the graduating apprentices in attendance was His Honour Lieutenant Governor Grant MacEwan, and representing the city of Edmonton, Deputy Mayor, Alderman Cec Purves.

Ceremonies at both schools were also attended by instructors and guests, including representatives of companies and unions related to the trades of the graduating apprentices.

Currently there are 7,500 apprentices in Alberta actively engaged in learning trades. During 1966 some 1,138 apprentices completed their apprenticeships, and according to present indications the number will be over 1,300 for 1967

Among those receiving scholarships were: Philip Kulhawy of Seba Beach, journeyman welder; and Charles Lindahl of Berrymoor, journeyman motor mechanic.

The first commercial production of Oil from the Athabasca tar sands is scheduled to start this year, but Indians and fur traders used the oily sand to waterproof their canoes nearly two centuries a

Youngsters Meet Bertie Beaver

Bertie Beaver visited schools in Drayton Valley this week to help in bringing the conservation message to young people. St. Anthony's pupils meeting Bertie in the photo from left to right are Terry Wilson, Ferlin Desjarlais, Gary Wilson and Connie Kostynuk. Looking on are Greg Stevens (left) who conducts the school conservation tour and Bill Davies of the Alberta Forestry Service, Lodgepole. Dressed up in the Bertie Beaver suit is David Scherger.

D. V. Highlights

BY MRS. EDITH DEBY

Best wishes for furture happiness are extended to Mr. and Mrs. Clint Plotts. Mrs. Plotts is the former Miss Audrey Whitton.

Mr. and Mrs. Fred Urchyshyn, of Chisholm, spent the weekend with Mr. and Mrs. Nick Urchyshyn.

Mrs. Arthur Andrews of Van-

couver, spent a few days here as the guest of her brother-inlaw and sister, Mr. and Mrs. Eric Jonzon. Mrs. Andrews also visited her mother, Mrs. Leon Peck at Mayerthorpe.

We have heard that Mrs. Michael Burke, now living in Edmonton, has Scottish relatives visiting her. A trip to Banff and Jasper is planned and just possibly a call at Drayton Valley.

Mrs. Ray McGuigan is just back after a two-week whirl wind trip through the United States. Mrs. McGuigan went to visit relatives of her late husband and stopped at such wide-spread points as Des Moines, Iowa, Russell, Oklahoma and Galveston, Texas. While in Texas Mrs. McGuigan was taken to Johnston City and

saw President Johnson's boyhood home and the L.B.J. Ranch. Mrs. McGuigan really crammed that fortnight full of good times.

Miss Glenda Galloway spent the weekend in hospital where she parted company with her tonsils. You can't keep a good gal down and Glenda says she will be in the library on Tuesday afternoon as usual.

Whitecourt Golfer Wins Invitational Tournament

Drayton Valley Men's Invitational Tournament was played on September 23rd and and 24th with Carl Josch from Whitecourt winning the championship and Stan Metelski runner up. Father Lynch won the consolation.

A good example of a fine golfer is Carl Josch who is 21 years old and doesn't drink or smoke. He sets a good example for other aspiring young athletes.

Father Lynch said it isn't a sin to play golf on Sunday but it sure is a crime the way some of us play the game.

United Church Setting For Sware-Fry Wedding

Amidst a setting of yellow gladioli and gold mums decorating the aisles of the Drayton Valley United Church, Miss Judith Diane, youngest daughter of Mr. and Mrs. Truman Fry of Violet Grove, became the bride of Mr. Anton Jon Sware, youngest son of Mr. and Mrs. William Sware of

Drayton Valley.

The double-ring ceremony took place at four o'clock on took place at four o'clock on with Rev. Wilkin August 26th with Rev. Wilkinson of Edmonton officiating.

Mrs. Howard Pickup was organist for the occasion and Mrs. E. Martin sang during the

signing of the register.
Given in marraige by her father, the bride chose a gown of peau d'elegance featuring an empire waistline and floor-length train. Her shoulder length bouffant veil fell grace-fully from a floral crown. She carried a bouquet of gold or-chids and her only jewelery

was a pair of crystal ear rings.
Attending the bride as Matron of Honor was her sister, Mrs. Pat Boyd of Brampton, Ontario. Also attending the bride was Mrs. Avaleen Jensen of Vermilion. Both wore identical floor-length gowns of gold peau de soi featuring ov-erskirts of printed crepe. They

carried bouquets of gold and bronze mums and wore a tierra of matching live flowers.

The bridgroom was attended by his brother Bill Sware of Calgary and Garry Phillips of Edmonton. Ushers were Lowell Throndson and cousin of the groom, Jack McCoy.

For her daughter's wedding Mrs. Fry chose a two-piece suit in orange complimented by a corsage of white orchids and wore white accessories.

The groom's mother chose a blue suit, and pink accessories. She wore a corsage of beige orchids.

Following the ceremony a reception was held for 180 guests in the Elks Hall. The head table was centred by a beautifully decorated four-tiered wedding cake and flanked by white tapers.

Acting as master of ceremonies was James Fry, brother of the bride, who read a teleg-ram from relations in Victoria, B.C. extending congratulations to the happy couple. Mr. Les Herndon, uncle of the bride, gave a toast to the lovely bride, to which a fitting reply was made by the groom. Mr. Phillips then proposed a toast to the bridesmaids.

Following the reception a dance was held and enjoyed

A controlled environment beef barn. This windowless structure is equipped with slotted floors and liquid manure disposal tank. Canadian cattlemen are showing increasing interest in this type of housing, but researchers warn against over-enthusiasm.

Climate-Controlled Buildings For Feeding Beef Cattle

OTTAWA--"Does it pay to use climate-controlled buildings for beef cattle?" This is a question more and more beef feed lot operators are asking.

Operators of open feed lots, particularly in the prairie provinces, report very slow gains during extremely cold weather. Some of these operators are looking hopefully at this new housing system. But there seems to be very little applied research to indicate what the true profit potential of climate controlled slotted-floor housing is in our Canadian winter clim-

Research is now under way at several locations in Canada and the United States which may yet show that this relatively untried housing system does pay with beef.

Research so far seems to indicate that if climate-controlled slotted floor beef housing is adopted, the increase in animal gains over a 12-month period is not likely to be spectacular.

The real advantage of this new system is the saving in labor by eliminating bedding and daily scraping. When the housing unit is combined with an adequate storage for the liquid manure, there is no runoff from the feed lot. This solves a nasty pollution prob-lem associated with conventional feed lots.

Several controlled-environment slotted-floor beef units are now operating in Canada and the U.S. but comparative results are seldom available. Construction and equipment costs for these units (not counting manure storage) run about \$150 per head, compared with approximately \$100 per head for open-front pole barns complete with paved outside feed lots, equipment and wind-

break fencing.

Research indicates that beef cattle, properly acclimatized and provided with a dry comfortable bed for resting, can adjust feed intake, hair coat and body heat production to maintain good gains in spite of very cold weather.

Pupils See Conservation Show

Mr. Greg Stevens of Winnipeg, Manitoba, the touring representative of the Prairie Provinces Forestry Association, was a visitor here recently. Each year he presents a program on conservation" to schools in all three Prairie Provinces.

The program consists of

films and a very meaningful talk on conservation to three different grade levels: Grades 1, 2 and 3; 4, 5 & 6; and 7 -9 in St. Anthony's on Friday, September 29th.

He visited other schools in Drayton Valley Monday and Tuesday this week.

Swim Club President Extends Thanks

In September, 1967 the annual meeting of the Neptune Swim Club was held in the Drayton Valley Scout Hall. The turnout of parents was very good and really gratifying. Many things were discussed and a great deal of participation of the adult section was experienced. This participation, however, heated the discussions became, is the prime

source of better understanding between the executive and the members of the club. I am therefore very thankful for the many suggestions that came from Mr. and Mrs. Henderson, Mrs. Wickens, Mrs. Hammerlindl, Mr. Polloway and many others. These are the things that keep the club alive and shows that we all are interested to make things work.

7:30 p.m. Junior Prayer Meeting

Christian Brotherhood Hour, Sunday at 9:00 a.m. on CHED

I thank the members and the executive for their support which we received during the year.

Many thanks also go out to Mr, and Mrs. Timmins, whom we lost as active supporters during the summer, and Mrs. Steeves our Secretary-Treasurer. They all did an excellent job. The present executive as chosen for 1968 is: W. Steeves Secretary-Treasurer; M. Daviduk, Vice-President; and F. H.

deGeest, President.
Thanks to Kurt Hansen, Al McKillop and Mike Daviduk our swimmers received better training than I could have given them alone. I also thank all the ladies and gentlemen who assisted us in organizing and running the weiner roasts and who so generously helped with the transportation. Last but not least, my thanks to Mike Gormley and the swimming pool staff who assisted us in the pool.

I hope we will be successful in 1968 again and that the support and interest for our club will increase.

F.H. deGeest, President, "Neptune" Swim Club.

BURTONSVILLE NEWS

Mrs. A. Homme, Correspondent.

Rev. and Mrs. J.D. Kennedy visited their daughter, Grace and her family in Calgary on the weekend. Mrs. Kennedy, who is not well and under doctor's care, is staying in Edmonton this week.

There was a family get together on Sunday at Axel Homme's when 31 brothers, sisters, neices, and nephews gathered for a visit with the Andy Walkers before leaving for their home in Quesnel, B.C.

On Monday Mr. and Mrs. Walker went as far as the home of Andy's neice, Lily Wheadon, and her family of Whitecourt. They spent the night there which shortened their journey by 100 miles.

Mrs. Mary Tattersall accompanied Mr. and Mrs. Walker on their journey and will visit her son, Lloyd, at Williams Lake.

liams Lake.

Another day or two with this fine weather should clear up all the threshing and combining in this area.

Mr. and Mrs. Fertig of Edmonton were visiting his son and daughter-in-law, Mr. and Mrs. W. Fertig on the weekend.

Mr. and Mrs. Roman Vowk will be leaving this week on holidays. They will be spending some time at Expo, then they will be flying to London and other parts of Europe.

WEDDING BELLS

Wedding bells will ring for Richard (Dick) Torgerson of Drayton Valley and Martha

Schweitzer of Beaver Lodge on October 7th in Gloria Dei Lutheran Church in Edmonton.

Dick was employed by Pan American this past summer. He now has returned for his final year in engineering at the University of Alberta.

They plan to live in Edmonton. Congratulations to the happy couple.

According to the Gordon Commission Report, Canadian food production must increase considerably by 1980. Alberta was named the province where much of this increase can and will take place, due in part to the fact that 50 per cent of the land which can be developed is in this province, namely the 13,000,000-acre Peace River

A telephone survey showed 80% of Canadians thought a label reading INFLAMMABLE meant the contents wouldn't burn. Let's get it straight. Both the words FLAMMABLE and INFLAMMABLE mean

The beer.

For beer-perfection every time - the 'in' beer is 'Cal'! The smooth, beer-clear taste tells you how it's brewed. Slowly, naturally, with our own pure, crystal spring water. That's beer. That's 'Cal'!

Fall Activities Planned by C.W.L.

The CWL meeting was held on October 2nd in St. Anthony's School with 16 members present and our Spiritual Director, Father Lynch. The meeting was opened with the League Prayer.

Prayer.
Final plans were made for the turkey Bingo being held at the Elks Hall on October 5th.

It was mentioned that the friendship tea held on Sunday, the 24th of September was a success with everyone present enjoying the afternoon.

Father Lynch mentioned the pre-marriage course being offered starting at 8 o'clock at St. Anthony's School on Octo-

ber 19th. He said there would be a nominal fee of \$1 per person registering for the course. Parents having children in Grade 10 or over are asked to attend this enlightening course on marriage and to invite their non-Catholic friends as well.

There will be a meeting at St. Anthony's church hall on Wednesday October 4th regarding UNISEF funds to be raised on Hallo'een. This meeting should be attended by at least two representatives from each church.

Plans are being made by the Allen Horn and Rene Coutu families regarding the decorating of the Church for Thanksgiving. The scene will depict Harvest with vegetables, fruits, etc. being offered on the altar. The items brought for the altar will later be distributed to the needy.

The tickets for the \$100 raffle were prepared for mailing with a letter and a book of tickets mailed to each parishioner. It was asked that all ticket stubs be returned to Mrs. Butz or Mrs. Hennessey by November 15th.

Father Lynch offered a series of lovely books for children on stories from the scriptures. The books are offered in an A, B,C series with six books in each set at 35¢ a book or \$2 a set. These would make lovely Christmas presents and are available by giving your orders to Father Lynch

The meeting closed and coffee and lunch was served.

PUBLIC NOTICE

Public Notice is hereby given that a vote of the Proprietary Electors of The Town of Drayton Valley will be held on Bylaw No. 383 of the said Town of Drayton Valley.

The following is a synopsis of Bylaw No. 383:

"A Bylaw of the Town of Drayton Valley to authorize the Council of the said. Town of Drayton Valley to incur an indebtedness on behalf of the said Town of Drayton Valley in the amount of Thirteen Thousand Two Hundred (\$13,200.00) Dollars to improve the Waterworks System of the said Town of Drayton Valley as undernoted:

ESTIMATE OF COST

Water piping, including

6" meter\$ 4,000.00

Underground tie-ins and

piping 800.00

Meter and injection build-

ing-complete with all
mechanical and electrical

systems 6,000.00

Relocation of chlorination

Equipment and controls 700.00
Engineering 500.00
Total Estimated Cost\$12,000.00

A copy of this Bylaw has been posted up in the Town Office and may be inspected

at any time during regular office hours.

Polling will take place on Wednesday, the 18th day of October, 1967, between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon at the Town Hall Council Chambers in Drayton Valley. I will be in attendance at the Town Hall on Wednesday, the 18th day of October, 1967, at eight o'clock in the afternoon to sum up the votes and declare the results.

N.B. At least ten (10%) per cent of the Proprietary Electors of the Town of Drayton Valley must vote before the Bylaw may be deemed to have been submitted to the Electors, and at least two-thirds of the votes cast must by for the Bylaw if less than fifty per cent of the Proprietary Electors entitled to vote thereon have voted or at least a simple majority of the votes cast must be for the Bylaw if more than fifty per cent of the Proprietary Electors entitled to vote thereon have voted. (Section 420, subsections (a) and (b)

Given under my hand and the seal of the Corporation of The Town of Drayton Valley this 18th day of September, 1967.

Town of Drayton Valley Drayton Valley, Alberta

> W. G. Johanneson Secretary-Treasurer

Beef Club to Be Re-organized

There will be a re-organizational meeting of the Drayton Valley 4-H Beef Club on Tuesday, October 10th in the Anglican Church Parish Hall at 8 o'clock,

o'clock.

Members must be twelve'
years old as of January 1st.
Parents are asked to accompany their boy or girl to the
meeting.

Satisfactory Highway Progress

Highway construction in Alberta is ahead of that of previous years and satisfactory progress continues throughout the province according to a report from the Alberta Department of Highways. In 1966, 1, 389 shifts were lost due to rain as against 607 this year to date.

211 miles of new highway grade has been constructed during the summer; this is 65% of the program. Last year 207 miles were constructed at this time.

time.
213 miles of base course has been completed; this is 72% of the program and is slightly behind 1966 schedule at which time 76% of the program was completed. However, the 1967 program is only superficially behind last year's production because of the number of projects this year which involve both grading and base and the grading only has been completed at this time.

The ashphaltic hot plant mix surface is well ahead of last year; 82% of the program, namely 235 miles has been completed as against 70% last year or 188 miles. The 1967 seal coat program, 374 miles is now completed; last year at this time 91% of the program or 231 miles only was completed at this time.

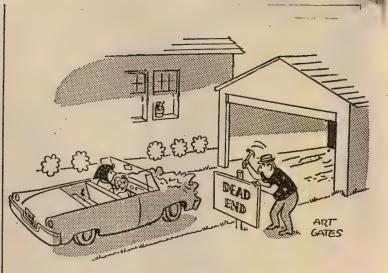

A man's life is 20 years of having his mother ask him where he is going, 40 years of having his wife ask the same question, and at the end, the mourners are wondering, too.

within two or three decades, rates of improvement of living conditions which might meet the Japanese accomplishment of the past ten years, Dean C.F. Bentley, Faculty of Agriculture, University of Alberta,

In a decade Japan halved its birth rate, which likely was a main factor in its unprecedented economic growth rate of 8.1 per cent yearly for the decade 1955-1965.

The population increase is zooming, Dr. Bentley says, with the world population increase rising as much as the total population in Alberta in a week. World population now increases yearly 70 times the yearly increase when Columbus discovered America.

Despite billions spent on international aid, few poor countries have improved much in income per capita. This is primarily because rapid rates of population growth have used up most of the increased production from assistance and development programs for food and social services.

Rapid population growth hampers economic growth five ways, Dean Bentley says.

1. High birth rates hinder and often prevent programs for educational improvement. Governments have difficulty providing the new schools and additional teachers needed to maintain the existing level of education.

2. Development of better, more productive methods of production is hampered by the necessity to use these funds for education, hospitals and similar services.

4. Every increase in population reduces the country's resources per person. This means less land per person and less fuel per family. The result is less individual freedom for all.

5. The more rapid the rate of population increase, the larger the burden of dependent children and the smaller the per centage of people who are productive members of the work force. In Sweden, for example, only 23 per cent of the population is under 15, In Africa, 43 per cent of the people are less than 15 years

old.
Dr. Bentley called a "myth" the belief that the application of science to the problems of world food production can provide satisfactory diets for a world population increasing at a rate of two per cent per year. Most of the world's arable land is now under cultivation. And it is much harder to increase yields per acre than to clear and break new land.

Unless the world's population growth is somehow curbed, in the next 33 years food production must be doubled to maintain the present inadequate food supply. And it has taken 10,000 years to maintain the present level of prod-

Research has shown that even among poor, illiterate rural people there is an overwhelming desire to limit family size, Dr. Bentley says.
There is also a ready acceptance and high effectiveness of birth control when the necessary information and supplies

Bowlers of the Week

ELAINE KOBERNICK High Single - 307

GORD McMANUS High Single - 304

are available.

'The world's greatest need today is leadership for a crash program to bring the birth rate down to the death rate," the dean says. "Either the birth rate will come down or the death rate will go up.

There is nothing including welfare, education, medicine science and agriculture which can do so much to permanently eradicate poverty and unnecessary human misery as limiting reproduction among those unable to provide their children with food, clothing, shelter, love and education.'

Governments in many poor countries including China, Japan, Thailand, Malaya and India are trying to reduce the birth rate in their countries. in India, huge billboards advertise birth control. Few Canadians know there is no resistance to these programs.

Canada, Dr. Bentley says, should follow Sweden and d contribute one per cent of her gross national product to aid programs. If one-quarter of this sum were spent on improv ing agriculture, Canada could have 2,500 agrologists helping to find ways to boost farm production in poor countries. Agricultural technical help could be tied to matching programs of birth control operated by the countries receiving help.

SPRUCE GROVE ENGINES & SALES Ltd.

Located 13 miles west of Edmonton on Highway 16

Phone 489-2012

Members of a work party, gathered to put the finishing touches on the Entwistle Livestock Co-op station prior to its official opening Tuesday, October 3rd, are shown above. From left to right are Len Williams, Ivan Gylander, Walter Woloszyn, Otto Hanson, Orest McWillis and Bill Tuke.

Entwistle Livestock Station Officially Opened Tuesday

Official opening of the Entwistle Livestock Co-op receiving station took place on Tuesday morning. The new station is located just south of The Poplars Cafe at the junction of Highways 57 and 16. Taking part in the ceremony were Mr. H. Winklaar, manager of the A.L.C. and Mr. Bill Barber of the hog marketing division.

The Co-op was formed during the early spring and construction of the building and pens completed recently. The station will be operated temporarily by Mr. Jens Iverson and trucking carried out by Mr. Alvin Osridkar. The yard will be open for

The yard will be open for business on Tuesdays and Thursdays from 8:30 a.m. to 4:00 p.m. The yard will be cleared out daily with no carry over.

The Co-op seeks shipments from area farmers of market and feeder hogs, cattle and sheep, for shipment to the A.L.C. in Edmonton.

Producers will receive the Edmonton price for butcher hogs with the freight free from Entwistle to Edmonton. A shipping toll of 40¢ per 100 will be charged on cattle, sheep and feeder hogs.

Evening Course in -Math 30 Offered

Mr. Katyal will offer evening classes in the old Math 30 course in Drayton Valley.

Mr. Katyal holds his Master of Science degree and his Master of Education degree from Punjab University, India. He has taught in Canada for six years. During this time he has taken courses in Education, Psychology from the University of Manitoba.

Before the evening course which is sponsored jointly by the Stony Plain School Division and the Recreation Board can be offered a sufficient number of students must express their willingness to take the course.

1967 is the last time that old Math 30 will be offered so all adults are urged to take advantage of this offer to complete their high school.

For further information and pre-registration please phone M. Tyler at 542-3487.

Mr. M. Katyal

THE TOWN OF DRAYTON VALLEY

TENDERS

Tenders are presently being invited and will be received until 5:00 p.m. Saturday, October 14th, 1967 at the Town of Drayton Valley Recreation Office for the contract covering the icemaking, maintenance and supervision of the Centennial Civic Centre during the 1967-68 fall and winter season. Duties will commence during third week of October, 1967 and will end during second week of April, 1968. Contract and legal agreement must be entered between renting party and Town of Drayton Valley.

Owners reserve the right to reject any or all tenders and the lowest or any other tender not necessarily accepted.

Particulars available at Recreation Office or from the undersigned.
Michael J. Gormley,
Recreation Director,

Drayton Valley, Alta.

When coats play short-stop, their team-mates carry the ball in the same fabric. Sew a beige beauty -- tunic-coated to mid thigh, muffled with fake fur and a swing of skirt to follow suit. Top-stitch the important seams and button-up with leather. A swaggering pair with double the dash to sew yourself. Don't forget your beige ribbed stockings!

Accent the positive. A tiny waist deserves a bit of fit or a smart belt to show it off. Slender hips love slim styling and low-slung belts. Short swinging skirts and hemline accents of braid, pleats or bands focus attention on shapely legs. Frame a pretty face with important collars, scarves or jewellery.

A twist of clinging crepe, a ruffle of delicate lace, a luscious curve of velvet, a sliver of refined tweed -- a romantic and mysterious, a touch of oldworld femininity to chase away the harsh go-go look. This is the way Balenciaga feels about Spring. Hurrah for Balenciaga!

Can you crochet? Lucky you! The lacy hand-worked look is important this Spring. Crochet a dainty scallop to edge the neck and cuffs of your new lemon-yellow suit; whip up a see-through top the colour of eggshells to play partner with your Roman-striped long skirt; fashion a shift of frosty white and line with lavender to peek from beneath. If you can't crochet, choose from fabulous fabrics by-the-yard with the crochet look, bonded for easy sew-

Hem markers in a new longer length are now available for marking the shorter skirts of to-

Ties for two. Sew him a tie and make one to match. Use a commercial pattern or make your own from an old tie. You'll need about ½ yard of 36-inch wide fabric for each tie. When finished, slide a card-board strip between the two layers of fabric and press over a press cloth. This prevents seam-marks on the right side. Make it mad, mod or madness - string skinny or short and fat.

DRAMA MEETING

The Drayton Valley Players, the local drama organization would like to weigh the possibility of their re-ortanization and their being active during the coming year. For this purpose the Players have called a meeting of all interested persons for Thursday, October 5th at 8 p.m. in the Recreation Office.

The Players have been active during the past four years and have presented some outstanding plays both locally and at Drama Festivals in Edmonton. They also ventured into the realm of children's theatre in 1965 which proved to be very successful.

The future of our Drama Organization hangs in the balance Thursday night. Will the Drayton Valley Players continue to function or will the organization permanently discontinue activities. The answer lies in the attendance, the interest and the overall enthusiasm displayed at this important meeting. If your are at all interested in dramatics and its organization and promotion in this community make it a point to be present.

RECREATION BOARD MEETS
The Drayton Valley Recreation Board held its regular monthly meeting on Monday. October 2nd in the Recreation Office. Present were delegations from the Neptune Swim Club and from the Rebel Hockey Organization. The feature items on the agenda dealt with the operation of the Civic Centre during the 1967-68 winter season and to some extent | fusion and misconceptions as

the future operation of the swimming pool program.

The Recreation Board is made up of ten members, five from the community at large, two representatives from the Town Council and three from the outlying districts. The function of the Recreation Board is to set the policy for the entire Recreation program in the community subject to approval of the Town Council, The Board, along with the Recreation Councillors, acts as a committee of the Town Council in all matters pertaining to Recreation.

ATHLETIC ASSOCIATION
The Drayton Valley Athletic
Association will hold a special
meeting on Wednesday, October 4th at 7:30 p.m. in the
Recreation Office. The main concern of the Association at this time is the winter athletic program pretty much centered around hockey and activities at the Centennial Civic Centre Another notable item on the agenda will be the planning an and preparation for the annual D.V.A.A. Tag Day which will be held on Friday evening, October 13th and Saturday, October 14th, this year. Participants in the Association program will be selling tags in order to raise funds for the continuing work of the Association in the sponsoring of Minor Athletics in Drayton Valley and District.

There has been some con-

to the status of the Drayton Valley Recreation Board and that of the local Athletic Association in the community as well as the relationship oroverlapping duties and responsibilities of the two organi zations. Actually they are two completely separate and altogether different organizations. The only link between the two is that they both deal with the recreation and athletic programs. However, the function of the Athletic Association is distinctly and entirely different from that of the Recreation Board. The Recreation Board is instrumental in setting the basic Recreation policy in this community.
On the other hand the Athletic Association is the sponsoring and organizing body for all Minor sports and recreation activities in Drayton Valley. In other words, the Recreation Board says, "Here is the Civic Centre and at certain scheduled times you may play hockey Their responsibility ends there. If teams are to be sponsored and organized, if the required coaches and officials are to be found, if any preparatory work or training for the program is to be done, all this must be carried out by someone else. This is where the Athletic Association comes in. They say: "We have been given certain ice time at the Civic Centre, now we will set up a suitable hockey program for all minor hockey enthus-

of the program. FOOTBALL NEWS

iasts." The Board sets the

policy, the Association is res-

ponsible for the planning, the organization and the execution

Things were quiet on the High School front last weekend as the FMHS Spartans did not have a football game, however at the Bantam level it was an action-packed Sunday after-noon. The Drayton Valley Packers travelled to the Jasper Sports Center for a game with the Oil Patch Oilers in a regular scheduled fixture in the Edmonton Huskie Athletic Association Bantam "B" Football

The Packers who are just getting their footing in this league have been victims of a couple of lopsided scores and as Sunday's game progressed it seemed that the green clad Valley boys were headed for another rout as the halftime score read 20-0 in favor of the Oilers. In the second half, however, the Packers came to life and carried the play to their opponents all the way. They got ten first downs, intercepted three passes and recovered two Oiler fumbles but
